Amount Requested: $76,000

The key objective of the Helping Youth Succeed program is to offer GED services, academic enrichment, tutoring, adult mentoring, literacy and introduction to work readiness to at-risk youth giving each youth the opportunity for success in post-secondary activities. This is a new year long program that is education and prevention oriented, to low-income high-risk, urban children and youth. This program serves ages 5-18, and will provide a safe supervised, academically oriented program.
